## TO THE VOTERS OF NEW MEXICO

For two months you have had before you the printed and spoken argument of the Republican and the Democratic candidates. You are making up your minds for whom you will vote. Your attention is directed to these facts:

Every statement made in behalf of the Republican candidates has been a statement of fact, easy of substantiation.

Every report of a meeting of citizens addressed by Republican candidates or speakers in their behalf, has been accurate as to every detail.

Every charge brought against a Democratic candidate in print or from the platform has been based upon a public record, open to the public, easy of immediate and complete verification and admissible as evidence in any court.

The campaign of the Republican candidate for Governor, Holm O. Bursum, has been a clean-cut, straightforward statement of his policies, based upon his knowledge of the needs of New Mexico and our people, and of the means he will employ to carry out those policies, in event of his election. There has been no ancient history in his campaign; no slinging of mud. When he has assailed his opponents it has been upon the basis of the records made by the present state administration, facts well known to all of us, and from which the present state administration cannot escape. The standards set by Holm O. Bursum in his personal campaign have been maintained throughout by his associates on the Republican state ticket, and by the Republican state committee.

There has been no hesitancy in stating the facts to the people of New Mexico regarding the present Democratic state administration, headed by Governor William C. McDonald. The language has been plain. Every statement made has been a statement of fact, based upon the public record. You need no better proof of the above than the fact that in no single instance has an effort been made by Governor McDonald or any of his associates on the Democratic state ticket to dispute or disprove the statements taken from their records and placed squarely before you.

## Consider The Democratic Campaign

During the present month the newspapers supporting Governor McDonald, A. A. Jones and W. B. Walton have printed the following statement:

"W. B. Walton is the author of the Corrupt Practices Act now on the statute books of New Mexico which is the greatest effort yet made to give New Mexico clean elections. Mr. Walton is a firm believer in the principle that the people should rule and has realized the danger which threatened the state through the balking of the will of the voters by means of crooked work. His law fixes very severe penalties for such illegal practices and its enforcement means the end of bribery, ballot box stuffing and similar evil devices. He should be elected to congress."

## CONCERNING THIS PUBLISHED STATEMENT, STATE SENATOR E. C. CRAMPTON OF RATON, A REPUBLICAN, SAYS:

"Personally, I care nothing about who was responsible for it (the Corrupt Practices act), so far as the credit for it is concerned, BUT WHEN I REMEMBER THAT IT WAS INTRODUCED BY ME; THAT SENATOR WALTON NEVER SAW IT BEFORE IT WAS INTRODUCED, AND THAT IT PASSED WITHOUT CHANGE, EVEN IN A WORD, I CAN SCARCELY SEE HOW HE OR HIS PARTY CAN CLAIM CREDIT FOR IT."

RECENTLY THE DEMOCRATIC PRESS BUREAU CAUSED TO BE SENT OUT, UNDER A DEMING, NEW MEXICO, DATE LINE THE STATEMENT THAT "all records were looked over last night at the Democratic rally which was addressed by Hon. A. A. Jones, Hon. W. B. Walton, Hon. Antonio Lucero, \* \* \* The theatre was crowded to overflowing and enthusiasm knew no bounds. The ovation tendered Mr. Jones and Billy Walton, the latter a former Deming citizen, lasted some minutes. \* \* \* Mr. Jones made a distinct impression on his audience. \* \* \*"

A. A. JONES WAS NOT IN DEMING ON THIS OCCASION AND UP TO OCTOBER 28, SATURDAY LAST, HAS NEVER SPOKEN IN THE CRYSTAL, OR ANY OTHER THEATRE IN DEMING.

At Las Cruces on October 9, when Governor McDonald undertook his hopeless explanation of the part he and his bank examiner played in the events surrounding the First State Bank scandal there, less than 100 voters heard McDonald speak. It was reported to you as a "crowded house," while a meeting at Silver City, when McDonald spoke to 33 voters, was reported to you as a "great outpouring of the people."

Throughout this campaign Governor McDonald, his associates on the Democratic ticket and his newspaper supporters have charged "that H. O. Bursum has only paid \$88.06 in taxes in Socorro county in the past ten years."

McDONALD AND HIS PEOPLE KNOW THIS STATEMENT IS FALSE. They have been to the Socorro county records. They know that the Bursum Sheep company and the Rio Grande supply company, in which concerns the bulk of Mr. Bursum's assets, have paid their taxes with scrupulous promptness not only in 1915 and 1916 so far as due, but in every year. They know that the personal taxes remaining unpaid to which they refer are taxes unjustly assessed against Mr. Bursum and which are in court for adjustment, the only place where such a matter can be adjusted.

These matters have been outlined as illustrating the character of the whole campaign made by A. A. Jones, and William C. McDonald, their associate candidates, and their campaign managers. It has been throughout a campaign of mud-slinging, of vile abuse, of falsehood and distortion.

THE ARSE AND FALSEHOOD DIRECTED AGAINST H. O. BURSUM HAVE BEEN SO PATENT TO ALL FAIR MINDED MEN THAT INSTEAD OF INSURING HIM THEY HAVE RESULTED IN A REACTION IN HIS FAVOR WHICH IS BRINGING TO EVERY MEETING HE ADDRESSES AUDIENCES WHICH LITERALLY BREAK ALL RECORDS FOR POLITICAL MEETINGS IN NEW MEXICO.

The people of New Mexico have been asking themselves and each other why it is that instead of throwing mud at Holm O. Bursum and his associates on the Republican ticket, the Democratic candidates and campaign managers do not explain some of the statements from the public records concerning themselves and their official records.

Note that the people of New Mexico have had no explanation from William C. McDonald of his failure properly to protect the interests of the state and of depositors in the insolvent First State Bank at Las Cruces.

Note that no explanation has been given by him for the retention in the responsible office of Secretary of the State Tax Commission, of Howell Ernest, who as bank examiner also failed properly to discharge his duty to the state and the people in connection with the insolvent First State Bank.

Note that no explanation has been given by Governor McDonald's Game Warden who has spent \$45,000, of public money, of which less than \$2500 has gone to Fish and Game, while over \$42,000 has gone for "expenses."

Note that no explanation has been given by you of the \$500,000.00 state road bond deal by which more than half your state road money was left for 15 months in banks, without interest to the state, only to be released in the middle of this campaign—a deal made by Arthur Sullivan, the present chairman of the Democratic state committee, and made possible by Governor McDonald, as head of the state highway commission.
